

CTSA Treats First Patient

October 29, 2007

Cancer Treatment Services Arizona treated its first patient On October 29, 2007. The state-of-the-art full-service outpatient cancer treatment center in Casa Grande will allow our physicians to provide university-level care in a community setting. Cancer Treatment Services Arizona physicians and clinical staff will have access to cutting-edge protocols that integrate medical and radiation oncology services, including advanced conformal therapies, implementation of IMRT and IGRT, in-house and remote treatment planning, radiosurgery expertise, HDR and brachytherapy capabilities and comprehensive drug pathway development. Additionally, physicians will have access to national research studies, leadingedge technology and informatics related to clinical outcomes. Patient care will be second-to-none allowing for a full range of outpatient cancer services to be provided in a comfortable setting and convenient local location.

About Cancer Treatment Services International, L.P.

Cancer Treatment Services International L.P. (CTSI L.P) is a provider of comprehensive treatment for cancer patients with a main focus on medical oncology and radiation oncology. The company was founded by a core group of physicians and businessmen with substantial experience in the development, operation and networking of cancer services on a national and international level. CTSI is able to provide innovative and technologically-advanced treatment solutions to areas of the world where therapy is currently inadequate in either quality or capacity. The company currently operates clinics and has development projects both in the U.S. and internationally.
