

## Gina Mansy, M.D., Joins UC San Diego Radiation Oncology South Bay Team

September 16, 2011

UC San Diego Radiation Oncology South Bay is pleased to announce a new addition to its team, Gina Mansy, M.D. Dr. Mansy is board-certified in radiation oncology and has experience in 2-D and 3-D conformal radiation therapy (CRT), intensity modulated radiation therapy (IMRT), image-guided radiation therapy (IGRT) and high-dose-rate (HDR) brachytherapy. Prior to joining UC San Diego Health System, Dr. Mansy worked with the Radiation Medical Group, Inc. in San Diego for 13 years.

Dr. Mansy earned her medical degree at the University of Iowa's College of Medicine in Iowa City, and her Bachelor of Science in biology, *summa cum laude*, at Creighton University in Omaha, Nebraska. She completed her residency in radiation oncology at the New England Medical Center at Tufts University Medical School in Boston, and her internship at Faulkner Hospital, also at Tufts.

Dr. Mansy was twice named a San Diego "Top Doc" in radiation oncology. She is active in a number of professional associations and was a guest speaker at several breast cancer fundraising events.

About Cancer Treatment Services International, Inc.

Cancer Treatment Services International Inc. (CTSI Inc.) is a provider of comprehensive treatment for cancer patients with a main focus on medical oncology and radiation oncology. The company was founded by a core group of physicians and businessmen with substantial experience in the development, operation and networking of cancer services on a national and international level. CTSI is able to provide innovative and technologically-advanced treatment solutions to areas of the world where therapy is currently inadequate in either quality or capacity. The company currently operates clinics and has development projects both in the U.S. and internationally.
