

Cancer Treatment Services Florida to Open New Clinic in Boca Raton

June 16, 2009

Cancer Treatment Services Florida, L.L.C., a subsidiary of Cancer Treatment Services International, L.P., is pleased to announce the upcoming launch of its new cancer center, West Boca Radiation Oncology (WBRO), located on the campus of West Boca Medical Center. This community-based clinic will offer a broad range of radiation oncology services and is scheduled to open its doors to patients in June 2009.

WBRO's mission is to provide the highest quality cancer care to its patients through the utilization of leading edge technologies and highly trained, compassionate professionals.

WBRO is under the medical supervision of Bruce W. Phillips, M.D., who received his training at University of Florida College of Medicine and Duke University Medical Center. Dr. Phillips is a board certified radiation oncologist and has been practicing in South Florida for over 20 years. In addition to Dr. Phillips' expertise, WBRO has recruited a highly trained staff, including a full-time licensed medical physicist and radiation therapists, which brings extensive knowledge and skills to help WBRO fulfill its goal to provide the highest quality of care to patients in South Florida.

Cancer Treatment Services Florida has invested in the latest technology available in the field of radiation oncology. WBRO will be equipped with the Trilogy™ Stereotactic System from Varian Medical Systems, which is enhanced with the latest innovation known as RapidArc™. The use of RapidArc™ reduces treatment times by up to 60%, while maintaining the same level of precision and therapeutic efficacy. Further, the Trilogy™ is a multi-faceted system offering various treatment modalities, such as Image Modulated Radiation Therapy (IMRT), Image Guided Radiation Therapy (IGRT), Stereotactic Radiosurgery, Stereotactic Body Radiation Therapy, 3D Conformal Radiation Therapy, and Electron Beam Therapy. WBRO will also offer High Dose Rate (HDR) Brachytherapy within the clinic.

About Cancer Treatment Services International, L.P.

Cancer Treatment Services International L.P. (CTSI L.P.) is a provider of comprehensive treatment for cancer patients with a main focus on medical oncology and radiation oncology. The company was founded by a core group of physicians and businessmen with substantial experience in the development, operation and networking of cancer services on a national and international level. CTSI is able to provide innovative and technologically-advanced treatment solutions to areas of the world where therapy is currently inadequate in either quality or capacity. The company currently operates clinics and has development projects both in the U.S. and internationally.
